

**BY ORDER OF THE COMMANDER
341ST CIVIL ENGINEER SQUADRON (AFSPC)
MALMSTROM AIR FORCE BASE MT 59402-7536**

CEC OPERATING INSTRUCTION 32-09

1 February 1997

Civil Engineering

OCCUPATIONAL LICENSING REQUIREMENTS

COMPLIANCE WITH THIS PUBLICATION IS MANDATORY

The purpose of this operating instruction specifies the occupations which require licensed professionals.

SUMMARY OF REVISIONS:

This is the first publication of CEC OI 32-09, substantially revising DEE OI 89-07.

1. **RESPONSIBILITY:** It is the responsibility of the Chief of Contract Management to ensure this operating instruction is adhered to.

2. PROCEDURE:

2.1. In accordance with the State of Montana Professional Licensing Bureau, there are three occupations that require licensed professionals. The State Electrical Board, Board of Plumbers, and Board of Well Drillers all require licensed professionals to accomplish work within the state.

2.2. It has been determined Malmstrom Air Force Base falls under this jurisdiction. As a result, Contract Management must ensure that any work in these three trades be accomplished only by craftsmen licensed by the State of Montana as being qualified.

LARRY ANTONICH, P.E.
Chief Engineer

Supersedes DEE OI 89-07, 13 Jan 92
